## **Blossom Park Fireworks Policy**

---

Dear Residents;

There have been a number of complaints regarding the discharge of fireworks in Blossom Park, including complaints of persons setting off fireworks in a dangerous or disruptive manner. Examples include setting them off near cars in parking bays and near units where they can land on the roof.

The Board of Directors would like to remind residents that the purchase and discharge of fireworks is governed by the City of Ottawa Bylaw 2003-237, and the discharge of fireworks is **not allowed** on the property **at any time**.

Complaints regarding the discharge of fireworks should be reported to the City at 311 at the time, and to the property manager during regular business hours.

As with any breach of the Rules, the matter can be placed in the hands of the Corporation's lawyer to take the necessary steps to ensure compliance. The costs of such an action are charged to the unit.

Please respect your neighbours' rights to the quiet enjoyment of the property.

Thank you,

Corri Greenberg  
Assistant Manager
